

IMPROVE YOUR IMAGES - PRINT CRITIQUE WORKSHOP

June 13th
2018

East Coast Bays Bridge Club, Lyons Ave.,
Opposite Montana Ave., Murrays Bay

Background distractions

Horizon not level

Cropped Body
Parts

Bright spots

Lead in lines and the rule of thirds

C, B and recently upgraded to **A** grade members are invited to bring along 1 to 5 prints for assessment.

For the evening to be successful we need **YOU** to bring along prints.

It is not a competition evening, there is no set subject and no points are awarded.

It is an opportunity to discover how **your** images can be improved .

Prints which have previously been submitted on competition nights are eligible, as are prints you may want to enter in the future.

Take home a check list of useful technical points to look out for so that you can self critique your next image to improve both your photography and post processing.

Prints need not be matted - just fasten to a backing card with blue tack to stiffen the printing paper. Names and titles not required on prints.

We will have 3 very experienced members to share their expertise.

Thanks are due to Breen Porter, Terry Cockfield and Janet Munnings.
